1.	Page no 8 point 4  "Bidder must have necessary license/ approvals for production..."	Not aware of this clause – which license/approval? As we are submitting company AOA, MOA with company objectives along with relevant work experience contracts / completion certificates of similar production jobs this should suffice we believe.	Existing Condition of RFP shall prevail.
2.	Page no 16 points 2 and point 3 and also clubbed with page 30 annexure on. eligible projects and page 32 annexure 4.  Technical experience, Live Sports event production projects	As proof of work and receipt of payment we can submit copy of original contracts along with CA certified annexure stating that payments have been received. There is also annexure 4 (CA attested annexure for the same) ... as per RFP if you require for bank statements showing receipt of payments attested by CA is it not the same thing and in that case it will be several pages long (100's of pages ) we faced the similar issue in another SAI tender when we submitted 100's of pages of bank statements and circled the relevant payments and got it attested by CA , the same had been accepted but SAI officials called and asked why we did it that way and not CA certificate (annexure 4 which is the same thing) Kindly clarify /reconfirm)	In case there are too many payment instances, the bidder must submit payment proofs (highlighted bank statements) along with a consolidated CA certificate as a supporting document.
