1	Request to reduce the amount of Performance Bank Guarantee to 2-5 %. Justification: 10% amount of total cost hold for period of three years is huge amount to block. The incurred interest on this amount is ultimately added up in the bid price by bidders. This reduced PBG amount can be utilized by bidder for execution purpose which will fasten the process. Hence, reduced PBG to 5% shall ensure bidder's involvement and will not increase the cost of bid. Due to current pandemic situation, financial crunches has occurred in many companies. So reduced PBG amount will give more relief to bidders which will increase the participation. Hence please reduce it to 2-5%	Shall be detailed at RFP Stage.
